Dear Talent Acquisition Team,

I hope this email finds you well. I am writing to express my strong interest in the Full Stack Web Developer position. With over nine years of experience as a Full Stack Web Developer, I am eager to bring my skills and expertise to your esteemed organization.

Having led projects aimed at modernizing HR management systems through the implementation of AWS cloud-native applications and microservices architecture, I have developed a deep understanding of scalable and efficient HR processes. My proficiency in AWS services such as Cognito, DynamoDB, Lambda, SQS, SNS, and API Gateway has been instrumental in driving these initiatives forward.

Previously, as a Team Lead at ACE Data Systems, I oversaw the development and maintenance of Human Resource Management Systems (HRMS), further honing my abilities in solution architecture and Agile methodologies. I am confident that my background aligns well with the requirements of the Full Stack Web Developer role.

I am particularly attracted to opportunities that offer growth, challenges, and alignment with my personal values. I am excited about the opportunity to contribute to your team and support the organization in achieving its goals.

I have attached my resume for your review. Thank you for considering my application. I am available at your earliest convenience for an interview to discuss how my skills and experiences can contribute to the success of your organization.

Thank you for your time and consideration.

Warm regards,

Kyaw Myo Aung
